**OPTO 22
MEXICO**

OptoPartner México Program Overview

If your company in Mexico works with Opto 22 industrial control products and you help customers with integrating, installing, and updating their Opto 22 systems, you'll want to join the OptoPartner México Program. This overview introduces the program and tells you how to become a partner.

Consider the Benefits¹:

- 👉 Product Discount
- 👉 Plaque
- 👉 Partner Web Site Promotion
- 👉 OptoPartner Newsletter Subscription

FAQs

Q: Who can become an OptoPartner México?

A: Any company in Mexico that works with Opto 22 products and would like to receive OptoPartner benefits may be nominated. Final approval rests with Opto 22 México and Opto 22.

Q: Can more than one person in a company be an OptoPartner?

A: The OptoPartner designation applies to the company itself. One person in the partner company is designated as the Primary Contact.

How to Become an Opto 22 México OptoPartner

1. Contact Opto 22 México. 81-1352-6323 in Monterrey, N.L., in México D.F.: 55-8421-6822 ic22@ic22.com.mx.
2. Create an account at <http://my.opto22.com> and indicate you want to become an OptoPartner.²
3. Must demonstrate proficiency in the design, installation, and support of Opto 22 systems.¹

¹Based on approval by Opto 22 México and Opto 22.

²Opto 22 reserves the right to edit OptoPartner profiles submitted by partners, to approve or deny partner applications or change partner status, and to change the partner program at any time without prior notification.
